Also tell your Twitter crush you dig them! The servers could implode at any moment since Musk fired most of the engineers!

Folks, please consider making a donation to this org, dedicated to reviving and preserving the indigenous language of the tribe present at the first Thanksgiving.

My third thing is "this is the only way my 12-year-old computer that I can't afford to replace is capable of letting me have real-time interactions with

other humans, including my companion of 13 years who can't live where I now live".

I'm here for 2 reasons:

1) Signing up for mastodon is an annoying process that turned me off.

2) I expect the exodus to be temporary. Most twits aren't leaving, so people who need public exposure will have to maintain a presence here, and they'll tire of maintaining 2 of them.
