When do we loop back around to something like "Columbus Day is a scam holiday invented to sell you more **colonialism**"

1

**futon penguin** 🐧 (Masto: @preeya@bigl... @uberpre... · Aug 5, 2021 ...

It doesn't end because it's the same ideology that has sustained itself for hundreds of years through **colonialism** and slavery. Colonists encountered a situation where denial + violence justified each other to great material advantage and they don't want to unlearn it.

**The Dude** 🇺🇸 @JurisDudence · Aug 5, 2021

At some point the insanity in American conservatism has to end, right? That much delusion, cognitive dissonance, and constant hyperbole cannot be sustainable.

I accidentally told the white woman whose meal delivery service I subscribe to about achaar (Indian pickles) and now I'm worried I might have inadvertently assisted in **colonialism**. Worse yet, I may have to literally eat the results

The replies to this are both hilarious and point out how weirdly constrained European cooking became as a result of **colonialism**, thus impoverishing some imaginations to the very idea of using more than a handful of flavoring ingredients

**Katie Robertson** 🌟 @katie_robertson · Aug 23, 2021

The Washington Post has added a correction tonight to the top of the

@geneweingarten column

By Gene Weingarten

Columnist

CORRECTION

A previous version of this article incorrectly stated that Indian cuisine is based on one spice, curry, and that Indian food is made up only of curries, types of stew. In fact, India's vastly diverse cuisines use many spice blends and include many other types of dishes. The article has been corrected.

**futon penguin** 🐧 (Masto: @preeya@bigl... @uberpr... · Oct 2, 2021 ...

Also because of racism & **colonialism**, because white Westerners have experienced material benefit from intentionally justifying exploitation by overvaluing conformity for hundreds of years

The first time I saw those three I went "So this is British **colonialism**, the show?"

**ansel avizandum** @AliceAvizandum · Oct 6

For instance, I've seen a lot of Brits calling Americans hypocrites for

criticising the racist baking show because America is also racist. And that's materially true but there is a serious cultural gulf here. This was on British national TV *11 years ago* pic.twitter.com/zKbP1FM1IH

Evergreen sentiment in all industries. Our entire workplace culture is built on the norms of slavery, **colonialism**, & white male supremacy and intrinsically centers predators.

Kim O'Connor @shallowbrigade · Jun 16, 2020

I think one step, the bare minimum really, is acknowledging that predation is *central to* much of the work and the culture, not secondary to or separate from it. OK thanks

"Look at this stuff you don't have because we are funding violent **colonialism**" is about pointing out the extent to which the US govt's priorities are about keeping people down globally, both here *and* there.

Reading Strauss and Howe's Generations and it's *so close* to being right except for having absolutely no understanding of white supremacy and **colonialism**

THIS THIS THIS

We can never spend too much time talking about anti-Semitism, anti-BIPOC, **colonialism** etc, but we should also acknowledge that fascists don't really care about cultural details. They just worship power as an aesthetic.

Natascha Strobl 🇩🇪 @Natascha_Strobl · Apr 7, 2020

This is interesting because we might speculate that the extreme right might want to protect its own people. However this doesn't hold true if it is about its weak parts. Weakness is never worthy of protection and has to be cast out. This is fascism.

Agreed -- If you read the Bond books it immediately becomes clear that Ian Fleming intended it to be British **Colonialism**: The Spy Series. Hopefully they won't reuse previous Bond stories with Lynch, effectively creating a new series that carries the name/cachet of the old.

@ashleylynch@mstdn.social ✂️ 🎬 ❄️ @ashleylynch · Jul 14, 2019

Here's my hot take:

I'm not convinced that you can actually modernize James Bond. I mean, if you take away that it's a misogynistic male power fantasy.... what's left?

It just needs to go away and let better series take its place.

futon penguin 🐧 (Masto: @preeya@bigleaf... @uberpre... · Aug 23 ...

Replying to @tadbithuman and @RachelFinston

I don't know that every religion seeks converts, but definitely agree that in the Western context, there's a lot of violence & **colonialism** implied by missionary work that Hindutva is now reversing in India. In both cases it's the conformism & violence that are bad.

futon penguin 🐧 (Masto: @preeya@bigl... @uberp... · Oct 22, 2021 ...

The '60s **colonialism** is really jumping out here. And, uh, the visual of the Black guy calling Paul "young master" when Thanos and Khal Drogo call him(?) by first name is...not great

This, BTW, is one of the hallmarks of whiteness that POC can spot a mile away. The idea that the world is split into normal = violently selfish and nice = indiscriminately submissive is completely baffling to everyone outside of white Christian **colonialism**.

And then we have The Dark Crystal movie, which is similar to Blade Runner and The OA S1 in that it's a very whitewashed allegory for **colonialism** and racism. Which is why it feels similarly insipid.
