yeah listening to this space was really hard until the mic got passed around,i remember when they went from someone in ghana talking about what's going on there Twitter-wise and then shifted to giving a troll furry the mic and basically not acknowledging what the African guy said

R.C. Murphy @RCMurphy · 1h
A thread on paying attention to how folks react to twitter's end.

Spoiler: It's not all jokes and witty eulogies.
