For those many people that are being fed the fake narrative from the corrupt media that I am Angry about the Midterms, don't believe it. I am not at all angry, did a great job (I wasn't the one running!), and am very busy looking into the future. Remember, I am a "Stable Genius."

Last night was not a referendum on Democrats' excellence in governance; it was a referendum on Republicans lack of seriousness. Democrats will misread this and keep doubling down. So if Republicans get serious and drop the frivolous bulls\*\*\*, 2024 could look very different. IF.

Culture war isn't frivolous bulls\*\*\*, by the way. It's key. But it's the icing on the cake of competent governance and earning trust with

voters (see DeSantis, Ron and Youngkin, Glenn). Icing on a bag of weird ain't gonna win you elections.
