Republicans didn't gain control of the House because of the will of the people. Republicans gained control of the House because of extreme gerrymandering and the botched redistricting in NY. If Democrats want to overcome this in 2024, they must start recalibrating now.

Friend of mine said this,

"If you had to choose House or Senate, Senate eases the way for federal judge appointments...which are for life and not just two years of House Investigations into random idiocy. How many House Investigations were there of Benghazi? They found nothing. It will be annoying, sure, but will it truly be

be annoying, sure, but will it truly be politically useful for them to start endless circuses? That is debatable.

Yes, they can cut funding for Ukraine. But will they? They have already been walking back those claims.

As for "crashing the economy", do you really think their corporate overlords want the economy crashed?

Take a breath.

We got through four years of Trump. We can get through two years of GOP theater in the House."

We also needed way more people to volunteer to GOTV. Had many privileged friends tell me they just couldn't motivate bc they were so depressed/tired. I hope next time people will not give in to apathy (which is how fascism wins) and/or assume that someone else has this covered.

US House candidate, CA-41

1/ While we thought we'd get some clarity from tonight's update from the registrar, we were surprised to learn that there are an additional 50k mail-in ballots that have been received since 11/8. So, that brings the total number of uncounted ballots in RivCo to at least 117,000.

The screenshot shows the official website of the Riverside County Registrar of Voters. The header features the county seal and the text "RIVERSIDE COUNTY VISIT US AT: www.CountyofRiverside.us". Below the header, the "County of Riverside" logo and the "REGISTRAR OF VOTERS" title are displayed. A navigation bar includes links for Home, Sitio Web en Español, About Us, Elections, Candidate Resources, Pollworker Info, Voter Info, and Helpful Links. On the left, a sidebar titled "Where Can I Find?" lists various services: Am I Registered, How to Vote by Mail, Military and Overseas Voters, Elected Officials / District Lookup, Federal, State and County Elected Officials, Qualified Political Parties, Voter Registration Summary, Archived Election Information, and Voting Accessibility Advisory Committee (VAAC). The main content area is titled "Voter's Choice Act Information" and "Riverside County Election Advisory Committee". It contains a prominent red warning message: "Approximately 57,000 Vote-by-Mail and 10,000 Provisional ballots still must be processed. Per the Elections Code, today is the last day to receive ballots that were postmarked on or before Election Day." Below this, another red message states: "The Registrar of Voters has received approximately 50,000 additional timely postmarked ballots since 11/9. The next updated results will be posted at 6:00pm on Wednesday 11/16."

I usually agree with your takes but this was not bothced redistricting. Their map was tossed out and, even on this map, they should have won 17-19 districts. They won 15. NY Dems were absolutely lazy in this election and didn't get out and do the hard campaign work.

And also redistricting will NOT help in NY if the ticket leader is weak, Jumaane Williams nearly knocked Hochul off running on Cuomo's ticket. The leadership of the national party had to run to NY at the last minute to beg people to vote. Had they not, she would have lost.
